## **Tim Stofka Joins Board of Oracle HRMS Users Group (OHUG)**

CHARLOTTE, NC (June 18, 2007) – TITAN Technology Partners, a leading provider of managed industry solutions and named the fastest growing technology company in North Carolina in 2006, today announced Tim Stofka has joined the board for the Oracle HRMS Users Group (OHUG). Mr. Stofka’s primary focus will be to assist the OHUG in reaching the PeopleSoft community.

“As an outsourcing provider leveraging both the Oracle e-Business Suite and PeopleSoft Enterprise HCM Solutions, TITAN Technology Partners has a vested interest in a strong Oracle Human Resources community,” said TITAN Senior Vice President of PeopleSoft and Oracle Fusion Services, Tim Stofka. “OHUG provides many benefits to the HR community of Oracle users. I look forward to reaching out to the PeopleSoft community so that they can take advantage of the many OHUG benefits.”

Mr. Stofka joined TITAN Technology Partners in 2005 through the acquisition of Oasis Software, a provider of PeopleSoft hosted and managed services which he co-founded in 1995 and served as the partner responsible for the growth and development of the company. Prior to founding Oasis Software, Mr. Stofka served as a Systems Engineer for Electronic Data Systems (EDS) at Saturn Corporation where he was responsible for the emerging technologies and software support.

### **About OHUG**

The Oracle HCM Users Group (OHUG) was born in 1998 as the Human Resources Information Systems Special Interest Group (HRIS SIG). The OHUG is an organization devoted exclusively to providing users with valuable insight into Oracle and PeopleSoft Human Capital Management applications. OHUG provides its members with in-depth training sessions from industry experts, along with the opportunity to share experiences and best-practices information with colleagues implementing and using Oracle and PeopleSoft HCM applications. OHUG also enables users to interface directly with Oracle executives, product managers, and development, gaining knowledge about new functionality directly from the source and ultimately influencing the future direction of the entire Oracle HCM product suite.
