TITAN Technology Partners Continues Globalization Strategy and Record Performance in 2007

CHARLOTTE, NC - (January 31, 2008) – TITAN Technology Partners, a global provider of hosted and managed industry solutions and named the fastest growing technology company in North Carolina in 2006, today announced that 2007 revenue grew by more than 30% on record operating income compared with 2006. TITAN's financial performance was additionally highlighted by the realization of key strategic objectives towards globalization, expanded services and industry solutions in high growth markets. In 2007, TITAN added more than a dozen new ERP outsourcing contracts, expanded its offerings to include Organizational Change Management/Education Services, added a new HCM/BPO capabilities, and achieved record growth in the operations of its offshore Center of Excellence in Pune, India.

“We are pleased with our results. We continue to develop long term relationships with our global clients through successful performance, new offerings and a highly effective globalization strategy” said TITAN Founder and CEO Michael A. Vadini. “We met our strategic objectives in 2007 by adding key dimensions with the acquisition of GB Synergy, enhancing our BPO capabilities, and expanding our global delivery capability in India. We are confident that we have the leadership and solid plans to improve our operating model in 2008 with expanded capabilities in Asia and the introduction of industry specific ERP solutions to high growth markets around the globe.”
