## **TITAN Launches Lavoroh.com as On-Demand Training Performance Support Platform**

CHARLOTTE, NC - (April 18, 2008) -- TITAN Technology Partners, a global provider of hosted and managed industry solutions, announced today the general availability of Lavoroh.com as an On-Demand Training Performance Support (TPS) platform. Lavoroh.com provides users training, job aids, process flows and multimedia services towards personalized job performance support. The software has been designed to be simple for end users and leverages the six tenants of TPS to accelerate performance. A powerful control panel provides administrators the ability to centralize, manage, and track usage of all training and process documentation.

“Lavoroh.com is about personalized employee productivity and a reduction of support costs long term. It allows companies to focus on enabling superior performance through confident and self sufficient users. We have created a powerful combination of a single stop for all resources supporting employee productivity globally,” stated Elizabeth Schriefer, who runs the firms training and education business. Lavoroh.com is available on a subscription basis and TITAN’s training experts at GBSynergy are ready to help accelerate performance leveraging the six tenants of Training Performance Support.
